Annual Income & Expense

Total Annual Income	846,000
Total Annual Expense	890,000

Your total expenses are greater than your total income. Please explain how these expenses are met:

Last year, my father obtained a loan of 80000 from the Akhuwat Foundation to cope with our increasing expenses related to our education and my sister's health issues. The loan required a monthly payment of 8500. We have been receiving loans from Akhuwat for the past two years, and now that our previous pending loans have been repaid, we are considering applying for another loan.

Discuss your future aspirations and how the degree programme you choose at LUMS will help you achieve your goal. (Minimum 200 words).

Growing up in a lower middle class family in a backward area, access to quality education was a constant struggle. However, with the support of my family, I was able to excel in my studies and develop a keen interest in computer science. As I learned more about the field, I realized that it had the potential to revolutionize the world and make a positive impact on people's lives.

My future aspirations are to become a successful software developer and contribute to the development of innovative software solutions that can benefit people's lives. I believe that technology has the power to make a significant impact on society, and I am passionate about being a part of this change.

By pursuing a degree in computer science from LUMS, I believe that I can achieve my goals and make a positive

impact on the world. LUMS provides an excellent learning environment with its state-of-the-art facilities, experienced faculty, and rigorous curriculum. The program will provide me with a solid foundation in computer science and equip me with the necessary technical and analytical skills to excel in the industry.

Moreover, LUMS' focus on practical learning and industry exposure will enable me to gain hands-on experience and work on real-world projects, which will be invaluable in preparing me for a successful career in the field. The program also offers various opportunities to participate in research and development, which aligns with my own aspirations.

Why do you think you should be considered for LUMS NOP scholarship? (Minimum 200 words)

As a girl from a lower middle class family, I have always been aware of the financial struggles my family faces. However, my passion for education and my desire to make a positive impact in the world have motivated me to strive for excellence despite the obstacles I face.

I strongly believe that the LUMS NOP scholarship will provide me with the opportunity to pursue my dreams and achieve my goals. The scholarship will allow me to access the high-quality education that LUMS offers, which would otherwise be beyond my reach. With this education, I can learn the latest technologies and gain the skills needed to become a successful professional.

Furthermore, the scholarship will enable me to interact with diverse students and faculty members, which will broaden my perspectives and help me to grow as an individual. I believe that LUMS' focus on leadership and social responsibility aligns with my own values, and I am excited to be a part of a community that shares these values.

In addition to benefiting me personally, the scholarship will also help me to support my family financially. By getting a valuable education from LUMS, I can secure a good job and contribute to my family's financial stability.
